

AUTHOR SUBMISSION CHECKLIST

Scope

The founding journal from the **Microbiology Society**, *Microbiology* brings together communities of scientists from all microbiological disciplines and from around the world. Originally *Journal of General Microbiology*, we have been publishing the latest advances in microbiology since 1947. Today the journal reflects the diversity and importance of microbiology in addressing current global challenges, such as food security, environmental sustainability, and health, by publishing fundamental and applied research across the breadth of the field.

Key topic areas include:

- Antimicrobials and AMR
- Biotechnology and synthetic biology
- Cell and developmental microbiology
- Microbial cell surfaces
- Microbial interactions and communities
- Microbial evolution
- Microbial physiology, biochemistry and metabolism
- Microbial virulence and pathogenesis
- Plant microbiology and soil health
- Regulation, sensing and signalling

Your submission

When submitting please upload:

- Your manuscript (Word document)
- Title page
- Abstract
- Main text
- References
- Line numbers
- Ensure all tables, figures and supplements are cited sequentially in your text
- Separate figure files
- Any supplementary material as a separate single PDF (tables can be excel)

Author statements

All papers must contain:

- Funding statement
- Conflict of interest statement

For human and animal research :

- Ethics approval and grant number
- Consent to publish (for studies containing identifying information about subjects)
- Consent to participate (if subjects recruited)

You and your Co-Authors

- Ensure all author details are correct and are the same in both your submitted manuscript and on Editorial Manager.
- Are your affiliations correct and as you expect them to appear if published?

Access Types *(Microbiology is a **Open Access (OA)** journal)*
