

Why publish **Open Access** with us?

Enjoy fee-free **Open Access** publishing and full read access if you're part of one of our **Publish and Read** institutions.

Support your

Community

Publishing with us generates the revenue to fund grants, events and professional development for microbiologists across the world.

Expand your

Reach

Open Access research can be read by anyone, anywhere in the world.

Increase your

Impact

Open Access articles in our journals get on average 2 times more citations and 6 times more usage, based on Web of Science data.
